

# Town of Abita Springs

## PRESS RELEASE

**Please check our website and Facebook for updates!**

### **Precautionary Boil Water Advisory**

**Update 12/17/19, 3:30 PM**

PWSID1103002

This Advisory is due to a water line break that occurred during work being completed by a contractor. The entire Public Works Department and additional workers are working to repair the break. This Precautionary Boil Water Advisory is necessary because of the drop in pressure.

This Advisory will affect the entire Town of Abita Springs. The estimated time for this advisory is 48 hours to allow for testing to occur. You are advised to boil water for consumption for one (1) full minute after it has been brought to a rolling boil.

This Advisory is Precautionary only.

Town of Abita Springs  
Mayor Daniel Curtis

**Please help us spread the word by directing people to our [Facebook page](#) and the [Town Website](#). We will be posting updates on Facebook and our website as soon as they are available.**

Thank you for your patience and cooperation!

*Our office is being inundated with calls asking if individual homes are affected. **If you pay your water bill to the Town of Abita Springs, then you are included in the Boil Water Advisory.** If you pay your water bill to another company than you not required to Boil your water and are not affected.*
