100' long 6' fence inside the bamboo along Highway 59 will hold metal images of the history of Abita Springs. The images will not face Highway 59.

FENCING: INSTALLED BY Stevens Fencing, LLC

Six foot cedar fence with top and bottom plates. Fence will be 100' long. It will be located inside the bamboo backdrop that will line Highway 59. The fence is sited so that it does not obstruct the view of the new sign. The fence is tall enough to place the metal historic photos on the fence and be viewed comfortably.

Since Steven's is booked up weeks in advance, we are currently on their schedule for installation of the fence the third week of August.
